SUMMARY

Member of Technical Staff at Zoho with around three years on **Vani**, a real-time, infinite-canvas collaborative whiteboard. I work on the cross-platform editor in C++, WebAssembly, and JavaScript on the Skia rendering engine, help maintain its Connectors module, and have recently been working on its AI features.

EXPERIENCE

Member of Technical Staff — Zoho Corporation (Vani)

2023 – Present

Chennai, India · Client, Server & Editor Development

- Develop the editor for **Vani**, Zoho's real-time, multi-user collaborative whiteboard, delivering features across C++, WebAssembly, and JavaScript.
- Contributed to migrating the editor's rendering from **SVG to a C++/Skia (WebGPU) engine**, improving in-browser rendering performance and enabling a single codebase across web, macOS, Windows, and Android.
- Maintain the **Connectors** module, designing and shipping features in C++, WebAssembly, and JavaScript.
- Develop **server-side features and REST APIs in Java**, including the platform's **AI capabilities** — generating per-board **embeddings** (persisted as SQLite) and exploring how to surface the board's visual context to an LLM.
- Built and maintain an **internal tool** that streamlines local development setup and product upkeep for the team, automating routine **database and operational tasks**.
- Contribute to an upcoming **agentic-whiteboard** initiative, focusing on orchestration and SDK development.

TECHNICAL SKILLS

Programming Languages	Java, C++, JavaScript
Backend & APIs	Java server-side development, REST APIs
Graphics & Rendering	Skia, WebGPU, WebAssembly
Build Toolchain	Emscripten, CMake, Git
Real-time Collaboration	WebSockets, Operational Transform (OT)
AI	LLM integration, embeddings, context extraction
Web / Frontend	HTML, CSS, SCSS
Databases	PostgreSQL, MySQL

PROJECTS & INTERESTS

- Build side projects with **Next.js**, **Prisma**, and **Tailwind CSS** to simplify everyday tasks.
- Explore open-source projects such as **Excalidraw**, **Supabase**, and **Payload CMS** to study how they're engineered.

EDUCATION

B.E. Computer Science and Engineering

2019 – 2023

Misrimal Navajee Munoth Jain Engineering College, Chennai · CGPA: 8.65

LANGUAGES

Tamil (native) · English (professional — read, write, speak) · Kannada (conversational)
